

Republicans are doing to DuPage County what they are doing to America.

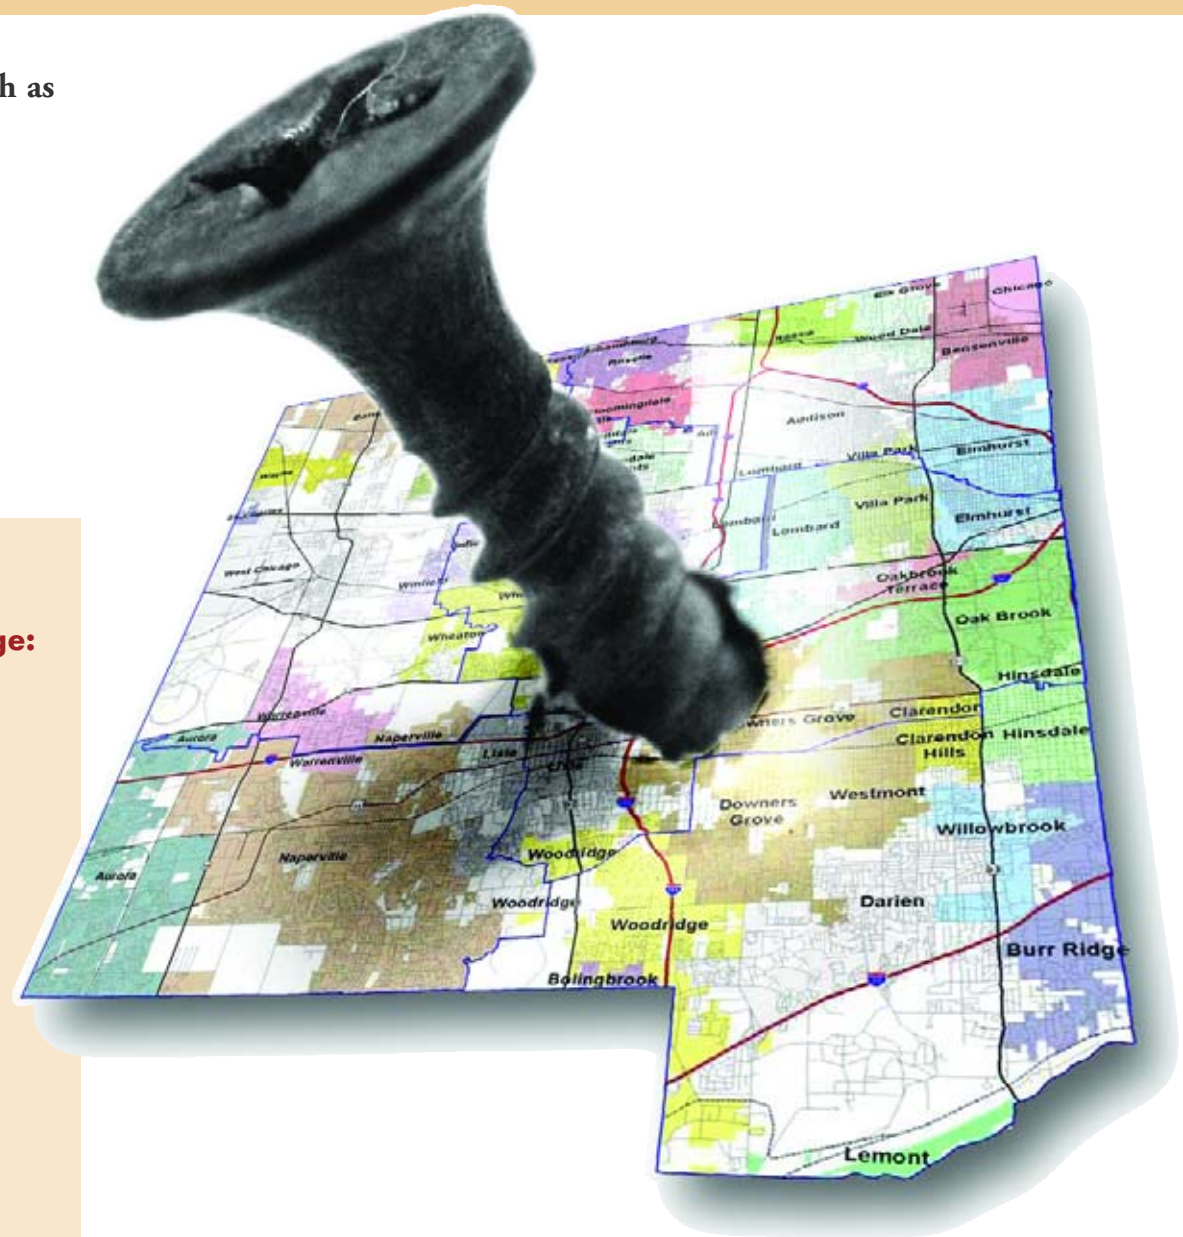

Sick of a party that stands in lockstep with George W. Bush as he sends Americans to die in an endless war in Iraq?

Sick of a party so right-wing that it prohibits stem cell research that could lead to a cure for Parkinson's and Alzheimer's diseases, spinal cord injury, stroke, heart disease, diabetes and arthritis?

Sick of rampant corruption, wasteful spending and out of sight budget deficits?

Washington, DC isn't the only place where Republican control has led to disaster. Look what the Republicans who dominate County government have done to DuPage:

- Increased taxes on DuPage families and slashed services.
- Created a \$45 million county budget deficit.
- Raided \$75 million from DuPage's water commission – money meant to ensure safe, clean water for you and your family.
- Doubled their own salaries for their part time County Board positions.
- Reduced park and environmental programs because of fiscal mismanagement.
- Cut needed programs for our seniors.

BALANCE, ACCOUNTABILITY, REPRESENTATION

VOTE DEMOCRATIC IN DUPAGE COUNTY - PROTECT YOURSELF AND YOUR FAMILY.

DuPage County Democrats have their strongest ticket ever in 2006. Our candidates will clean up our government at all levels. While Republicans focus on initiatives like banning stem cell research, DuPage Democrats are focused on ethics reform, education, health care and tax relief for working families.
